Professional Experience and Curriculum Vitae
I am a 28 year old bilingual designer hailing from the deep woods of Szczecin in north of Poland. I am passionate about design and versatile in my skills. My main focus is on advertising, art direction and concept development. I am always eager to learn and nothing keeps me away from taking on new challenges. I love being a part of a whole creative process and seeing projects going from idea to finished product.
Studying Design Futures at University of Salford taught me some valuable lessons, all of them by doing, designing and developing ideas. In the last 3 years I became an experienced team player with a huge amount of self insight, self leadership and understanding of human relations and communication.
