Professional Experience and Curriculum Vitae

Illustrator Richard A Goldberg (RAG) grew up under the influence of Mad Magazine, Warner Brothers cartoons, and the New Yorker Magazine. RAG creates artwork for publishers, advertisers, and corporations. His style translates concepts into humorous, thought provoking art which enables his client's messages to be memorable and effective. RAG also supplies the licensing industry with images that will amuse, enlighten, and hopefully make the world a better place for manufactured goods. RAG also has a deep appreciation of single malt whiskey.

Images are really worth thousands of words! Images are memorable. RAG's specialty is to take the message that you are promoting and turn it into an illustration or image that communicates that message to your audience or customers in a subtly humorous and intelligent way. This happens through RAG's excellent collaborative skills and experience.
