Professional Experience and Curriculum Vitae

Randy Teet has been retouching photos since his first job out of college. He moved on to become an award-winning art director and creative director, but missed the satisfaction he got from taking a photo and making it sing — or rhumba.

When not spending hours in front of his monitor doing retouch, Randy likes to spend time with his wife Lisa or play outdoors with Gavin and Adeline, their two children.

Previous Clientele

Allstate, Cessna, Disney, Geonav, Golden Harvest, Jockey, Mercury Marine, Milwaukee Travel and Tourism, Nelnet, Rain Bird, Wausau Insurance
