Waterfowl Unlimited Guide Service of historic Reelfoot Lake in west Tennessee and is proud to offer some of the finest waterfowling along the historical Mississippi Flyway. With our roomy and heated private blinds and our aptly experienced waterfowl guides, we promise to do our best to have “feathers in your face” shooting.

Our guide service began in the days of market hunting in the Great Depression by Mike’s great-grandfather. He would shoot ducks during the day and then his wife would pick ducks and pack them in ice for shipping to the Northeastern markets.

Our services will provide you with all the necessities to ensure your hunt is a memorable one. From the Southern breakfasts and lunch meals prepared hot in the blind to our quality personnel, it is our goal to provide you with everything that you need. Make your next waterfowling trip one to remember by calling us at Waterfowl Unlimited Guide Services on beautiful Reelfoot Lake.
