Professional Experience and Curriculum Vitae
Art director, graphic designer, photographer, photo editor, creative manager, problem solver, team player, and all around hard worker--these are all roles I have played over the past eight years in my ever developing creative career. Always pursuing excellence, I am now searching for the next great creative challenge in my field. I balance my career with my passion for the outdoors. I enjoy photography, rock climbing, mountain bike racing, and backcountry skiing. I live in Boulder, Colorado with my dog, Rilke (yes, named after the poet).

Awards and Accolades
SUMMARY
I am seeking a creative position where I can use my design skill and experience to help build a client's brand and vision to its fullest potential. I have the ability to oversee multiple projects while managing quality and design consistency. I have a strong sense for clean, effective design. I enjoy developing design concepts, creating visual solutions, and working in a team environment, and I thrive under tight deadlines.
Specialties: print and editorial design, advertising, branding, and photography

SKILLS
Art Director / Graphic Designer / Photographer
I have eight years of graphic design experience and the skills needed to take a project from concept to completion. My creative scope includes
art direction, magazine design, print advertising, sales and marketing collateral, and photography. My job experiences include art directing two
national magazine titles, graphic design and creative management for three outdoor industry companies, and a non-profit organization.
Art Direction
• Project management and brand development: able to manage multiple projects at a time, formulate design concepts, communicate processes
and develop and implement graphic standards based on the vision and mission of the marketing/communication department
Design
• Concepting: able to collaborate and develop design concepts, create visual solutions
