Professional Experience and Curriculum Vitae
For almost two decades I've traveled the world on assignment for many of the Fortune 100 & Fortune 500 companies, as well as many smaller ones; my editorial work has also kept me busy producing imagery for many of the world's most noted periodicals. I'm easy to work with, collaborative and have a drive to bring back THE image that fulfills the creative brief or aligns best with the editorial no matter what. Take a look at my work online, then send me an email. Thanks for your time.
