Professional Experience and Curriculum Vitae

I have been taking photo's since my teens and continued to do so ever since. The camera's I've used range from small rangefinder camera's to reflex camera's from Nikon and Canon. My current main tool is the Nikon D800, with 50mm f/1.4, a 18-200mm VR, a 10-20mm Sigma, a Nikkor 70-200 f/2.8 VR II and a Nikkor 24-70 f/2.8. I always shoot in raw format.

My work gives me the opportunity to travel the world. I bring my camera wherever I go. What I look for in images is artful and technical quality, even in common scenes. I have always called myself a landscape photographer, but I often find myself taking images of people, especially abroad. I search for intimate moments to capture, scenes that touch the photographer and those who view the image.
