Professional Experience and Curriculum Vitae

I'm a photographer, film maker and designer of occasionally profane greeting cards. Based in London, I work both from my studio and on location, and whenever possible in far flung corners of the earth. I also regularly freelance for ITN Productions as a video journalist. I like taking pictures of people's faces more than anything.

Previous Clientele

ITN Productions
ESPN
Variety
Goldman Sachs
British Heart Foundation
Riverside Studios
7Days Newspaper
