## Professional Experience and Curriculum Vitae

I've been known to listen to the voices in my head.

The calm, quiet ones urging me to go past the shiny-happy and toward the awkward or disturbing, which I try to portray with a witty elegance born of a love for the underdog.

Fascinated by the intersection of art and commerce, I employ my anti-hero vision to build a modern mythos most easily described as 'bent'.

Clients appreciate my humbly subversive approach backed by solid project management experience. I relish the challenge of helping people define what they want, and when given a restriction see not an obstacle but rather the new possibilities it creates.

## Previous Clientele

Venables, Bell & Partners  
Mom's the Word Maternity  
Junior Statesmen of America
