**Professional Experience and Curriculum Vitae**
I am a Digital Artist/Illustrator and Graphic Designer. My Artwork has been pushed and developed over the past few years from nothing..many self issues stopped my confidence in pushing my work. But now, as I evolve and grow stronger, my work is evolving also and it will be so big and strong. It will be so big in size on walls that it will engulf you. I want to change the gallery experience. I know what I love and I will push to see them happen. LOVEYOULOVEYOURCREATIVITY #SABIKOZ
