Professional Experience and Curriculum Vitae

Papa's Games is a series of famous cooking games associated with the childhood of many gamers. In the game, players will play the role of a chef and manage Papa's restaurant, from receiving orders, preparing dishes to serving customers. The simple but attractive gameplay, combined with an increasingly fast pace, makes players always feel challenged and excited. Papa's Games not only brings moments of entertainment but also trains dexterity, time management and concentration, making the game a favorite choice of many people.
