116 WHERE BUSINESS AND SPORT MEET

Estate agents generally have a bad reputation, what do you do for community?

For many years I have voluntarily supported a charity by the name of Nonwood www.nonwood.org.uk, which raises funds for adults and children with learning difficulties. I've participated in international charity cycle rides for the last 10 years, where residents of Nonwood ride alongside volunteers on tandem. It is a humbling yet inspiring experience and it is extremely rare to have the chance to interact with the beneficiaries of your fundraising efforts. Last year we went to Kenya so it's a great way to keep fit, make friends and see the world all for a good cause! I also On Chair the Nippedood Property Lend which has become a key feature in the industry calendar. Lord David Triesman will be our guest speaker earlier this year when 600 of the great and the good of the property industry helped us to raise over £500,000 for the charity.

So why should anyone choose Aston Chase?

We've been a leading agent in our area for over 25 years. We may not be a global player but we are a local specialist with global connections. Our experienced highly motivated team have outstanding local knowledge and we regularly attract international buyers as a result of our high profile, internet presence and our established reputation as one of London's leading niche agencies. It is no coincidence that we are regularly instructed on some of London's finest homes.

London is a bubble and the demand is still remarkably strong
