Professional Experience and Curriculum Vitae
I'm a London based Swedish illustrator with experience in producing work for both print and web with a hand drawn feel. Before solely dedicating my time to illustration I worked on the publishing side of the magazine Monocle. Having worked in the fast paced environments of both publishing and fashion I'm used to working under pressure and can produce work on short notice.

Previous Clientele
Greenpeace, Burger.co, Dalston Cola, The Jellied Eel, Pence Me, Creative Network Partners
