Professional Experience and Curriculum Vitae

Born and raised in the Midwest (just minutes from The Miller Brewing Company), Sara relocated to Santa Fe, NM to continue assisting and shooting on her own, and to live in the mountains and desert.

It was in Santa Fe where she began shooting editorial portrait assignments. It is her biggest thrill to see those photos printed in a magazine.

Sara relocated to NYC in 2008, and continued to shoot and connect with the most influential creative people in the business.

She recently relocated back to the Midwest, and hometown of Milwaukee, WI.

Sara is a photographer because she loves hearing people's stories, going into their personal world, connecting, and making photos of their story.

Previous Clientele
