Professional Experience and Curriculum Vitae

Miss Laura Saravia has over 11 years of graphic design experience in print, identity, and interactive design. Seven solid years of management experience. In her current role as the hands-on art director, with previous experience ranging from sports and corporate to accessories and publishing, she turned a bland four cube workstation to an award-winning design studio. Working in high-demand and tight deadline environments, she comes with expert knowledge in Adobe CS and proficient in motion and web programs as well as refined studio skills. Responsibilities have included managing and sourcing designers, photographers, design production, supervising print press checks and video shoots, all while building strong relationships with a broad range of contributors and stakeholders. Working directly with creatives, marketing, in-house & outside vendors, agencies and other inter-company departments to produce high quality client presentations, advertising and branding campaigns. Additionally, she creates and manages art & music shows in New York City and South Florida.
