## Professional Experience and Curriculum Vitae

Hi, I am Sarmistha Goswami. I am a Fashion Designer and an Illustrator. My core areas of interest are: Illustration (fashion Illustration, children's art and editorial) Apparel Design, Print design and Painting.

I like to combine traditional hand drawn art with digital touch ups creating a unique style of my own. I do not have any strict preferences with regards to the medium I work with. sometimes I may just stick to water color, ink or pencil sketches entirely. On other occasions it could be 100% digital. Basically I tweak my work according to the project. I work mainly on Adobe Illustrator, CorelDraw and Adobe Photoshop.

I draw my inspirations from photography, nature and everyday activities around me.

I am up for challenging projects and willing to explore new areas in Fashion and Illustration. Please feel free to contact me and let us discuss any plans or ideas that you might have.

Have a look at my portfolio blog: <http://creativelogbook.wordpress.com/>

And I would love everyone to join my Facebook Page:
