Professional Experience and Curriculum Vitae

I am a recent graduate from 4-year interior design program in toronto. I have the passion for exploring the world of design and beyond. Although my only formal education is the interior design, I do some photography and jewelry design as well. I like to expand my inspiration and intelligence by gaining knowledge on subjects other than arts & design, such as science in general.

Previous Clientele

Interior design knowledge & skills

AutoCAD, 3D viz, photoshop

fluent in english & japanese
