Professional Experience and Curriculum Vitae

Hi everyone I'm Scott and I stay in the beautiful country of Scotland on the East coast which is home to some great beaches and as of 2012, my plan is to take more seascapes and try and improve them as the year progresses. I have been taking photographs for 10 years and I'm going to continue to do so until I'm unable to push the shutter button, however there is a possibility that by the time I'm old there may be voice enabled cameras :) I'm 28 now so I hopefully have a good few years left in me.

My favorite types of photography would be Urban Street and Black and White, but as of the end of 2011 it would be seascapes but mostly at sunrise when the light is that bit special.

Anyway I hope you all like looking through my work.

Regards

Scott
