Professional Experience and Curriculum Vitae

Multi-Talented Apparel Designer seeks position utilizing all talents
With over 19 years experience in the international apparel industry, concerning Product branding, Fashion Design, (product design-Mens--Junior/European Contemporary, Boys, Men's/Young men's as well as Girls/ Junior to Missy), Tech design, and Production. As a designer, I am proficient in many areas of the creative process concerning fashion. Having worked in many international markets as a designer, I bring a commercial viability to any product line, from an international aesthetic point of view. I am now looking for a "corporate home" to utilize my many talents I have cultivated abroad as a design professional. Being a designer in the industry, I have gained one single viewpoint, over all others. The apparel business is a business, my job is to bridge creativity and commerce, in doing so, creating exciting, commercially viable product for my company.
