Professional Experience and Curriculum Vitae
Good writing gives form and freedom to ideas.

Bad writing doesn't.

This is why I love what I do, and why I have work.

I'm an experienced freelance writer and editor with MAs in Professional Writing and History of Art.

Along with writing and editing for publication, I use my skills and experience to help individuals, businesses and organisations write and be read more effectively.

Creative and cultural activities inspire all this work. They're what I know and care about the most.
