Professional Experience and Curriculum Vitae

Shape Architecture London is a Chartered RIBA Architectural Practice working throughout London and the South-East. We work across the Private Residential, School and Community Sectors. Within each project we seek to create a building that revolves around the principles of space, light and transparency. Our use of colour and materials and the ordering of spaces go further to create buildings that delight our Clients. We have over fifteen years experience of building sustainable low energy buildings. We are a Client focussed practice and will tailor our service to suit each clients needs.
