## Professional Experience and Curriculum Vitae

Known for being flexible, hard working, creative, strategic, multi-disciplined, driven, punctual, having a good sense of humor, polite, respectful and outgoing. A wide variety of experience with Adobe Software is also present. Strong communication and team working skills to motivate and massage creative concepts to produce an outcome. Technical and problem-solving skills are also present, with an ever-present hunger to improve and learn other skills on the way. A workplace that challenges me to perform and improve my skills, and an environment that offers me to help others as much as learning from them. I have a thorough understanding of the latest social media and graphic software which has allowed me to build up a strong personal.

After graduating with a BSc (Hons) in Architectural Design Technology during the recession period, I started studying HND Graphic Design in 2009, where I have learnt a large amount of creative skills. It has been a steep learning curve but I have found something that I have passion for. Recently I have completed two years, working in the marketing department for Birmingham Metropolitan College, as a graphic designer. Many of my briefs included print and digital to promote new courses, academies and also partnerships. Alongside this I took the role of looking after the college's Social Media network in the first year, which included; Facebook, Twitter, YouTube & Pinterest. I also had the chance to improve my camera skills, and was asked to take the photography & videography during special events. These were later used on microsites, presentations and on their social media sites.

Specialties: Art Direction, Logo Design, Branding, Front-End Web Design, Brand Identity Design, Digital Design, Social Media Marketing, Graphic Design, Print Design, Typography, Illustrator, Photoshop, InDesign, Final Cut Pro X, Blogging, Social Media, Advertising, Creating Fonts, Facebook, Twitter, Communication Materials and Prospectuses

## Previous Clientele
