Professional Experience and Curriculum Vitae
stylist | writer | space maker

I like to create visual and word stories based around the interesting people and spaces I come across.

I've worked as Decor Editor of Home & Tuis magazine (www.homemag.co.za), an eco-designer at Recreate (www.recreate.za.net), an interior designer and project manager on a couple residential renovations, and on the set of several international commercials.

I studied media, sociology and interior architecture.

I dig cats.

Previous Clientele
Home & Tuis magazine
GHD
MTV Europe
Recreate

I love looking at all the things I collect up on the walls or displayed around the space.
