## Professional Experience and Curriculum Vitae

I'm a fine artist and illustrator based in London and looking to work. I absolutely passionate about art in general.

My inspirations comes from what surrounds me, from fashion magazines, from books, from my afternoon teas and coffees with friends, from my cat Mia (who is in Portugal and I miss her so much) and so on.

One of my favourites subjects is Fashion and Beauty, the Feminine Expression and Portraits.

I'm always looking forward to work on some fun projects and collaborate, so get in touch!
