Professional Experience and Curriculum Vitae

I am a freelance graphic designer in Malaysia. I adore the freedom that a freelancer has. We do work but with the choice of the location we like. We could be working by the cafe in Malacca street while eating some nyonya desserts. Here's some services that I provide:

banner
brocure
bunting
catalog
flyer
logo
menu
name card
photo editing
poster
sticker
website

Check out my website for more info!
