Professional Experience and Curriculum Vitae

Southern Aesthetic Plastic Surgery provides the highest level of plastic, reconstructive and cosmetic surgery expertise to Sydney's south. Our doctors, Dr Ilias Kotronakis and Dr Amira Sanki, are fully qualified specialist plastic surgeons with the highest credentials available. The philosophy of Southern Aesthetic Plastic Surgery is to treat patients with the greatest respect and sensitivity in their lead up to and recovery from surgery. Our practice is particularly specialized in body contouring after massive weight loss and Mohs skin cancer surgery. We are one of only a few Sydney practices that offers an all female surgical team.
