Professional Experience and Curriculum Vitae

My name is Jorge. That's Spanish for Jorge. It is pronounced Whore-Hey (try rolling the "r"...go on, try it). And no, I won't mow your lawn.

I love Motion Design and Design in general. Really, most things digital are pretty awesome...apps, websites, ambient projections, flying saucers. You know, digital.

Above all, I like to make people feel things. Love, anger, joy, inspiration. Design and Art Direction are 10% mechanics and 90% psychology.

Take a look at my portfolio and then hit me up for some work or a chat over some sweet, sweet Coca-Cola.

Previous Clientele

AT&T, Shaw Contract Group, WelcomeMat, Washington Political Group, Herman Cain for President, Mitt Romney for President, The Koch Foundation, Republican Senatorial Committee, Versus Capital, Fulton County Office of Communication, Energy Choice Now, The Goat Farm Arts Center
