Professional Experience and Curriculum Vitae

Striking Showcase is the first college recruiting platform built exclusively for competitive bowlers. Founded by two-time National Champion, World Champion, and USBC Hall of Famer Diandra Asbaty, the platform helps youth bowlers ages 14 to 20 build standout recruiting profiles and connect directly with college coaches across NCAA Division I, II, and III, NAIA, and NJCAA programs. Athletes showcase their averages, high games, tournament results, equipment, academics, and highlight video in one professional profile, while verified college coaches discover talent and reach out to recruits directly. Striking Showcase turns a bowler's hard work on the lanes into real recruiting opportunities. Show off. Get recruited.

Our Mission

Our mission is to empower competitive bowlers by providing a professional recruiting platform that transforms athletic achievements into real collegiate opportunities. We are committed to helping student-athletes gain exposure, build meaningful relationships with college programs, and navigate the recruiting process with confidence.

Our Vision

We envision a future where every dedicated bowler has access to the resources, visibility, and opportunities needed to pursue higher education through athletics. By connecting athletes and coaches on a single platform, we aim to become the leading recruiting destination for collegiate bowling.

What We Do

Striking Showcase helps youth bowlers between the ages of 14 and 20 create comprehensive recruiting profiles that highlight their athletic and academic accomplishments. Athletes can showcase:

Bowling averages

High games and high series

Tournament results and achievements

Equipment information

Academic performance

Awards and honors

Highlight and skills videos

Personal recruiting information

By bringing all of this information together in one professional profile, athletes can present themselves to college coaches in a way that is organized, credible, and easy to evaluate.
