Awards and Accolades
Angelo has been involved in the creative IT world for over 20 years. He built his first website back in 1998 using Dreamweaver, Flash and Photoshop. He expanded his knowledge and expertise by learning a wider range of programming skills, such as HTML/CSS, Flash ActionScript and XML. Angelo completed formal training with the CIW (Certified Internet Webmasters) program in Sydney Australia, learning the core fundamentals of computer networking and how it relates to the infrastructure of the world wide web.

Having worked with a variety of companies in Australia and the USA, has provided Angelo with a diverse set of communication skills and a strong understanding of individual customer needs. Sunlight Media strive for 100% customer satisfaction. Angelo's primary role is to ensure that this objective is met with each and every project the team encounter. He is also a triple national of the U.S, Australia & Italy, and enjoys watching European Soccer, MMA and Australian Football.
