Professional Experience and Curriculum Vitae
My name is Sven Pauwels and I work as a freelance illustrator/animator. Currently living near Brussels, the capitol of Europe, I'm always looking for new challenges.
I graduated in 2009 as a master in traditional animation, but, not feeling satisfied with just doing animation, I took on design as well. Together with a colleague of mine, I started to learn the different aspects of graphic design and illustration. As a animator, I feel that I have a different way of looking at things than a graphic designer does.

Now I mostly work on making illustrations, flash animations and motion graphics. Trying to make them stand out from the rest.

If you would like to know more, just send me an email.
