Professional Experience and Curriculum Vitae

Jeffrey was recently named one of the "200 Best Photographers Worldwide" by Leurzer's Archive. Other honors include a PX3 Prix de la Photographie Paris; an IPA-Lucie "Best of Show" prize; a Communication Arts Photo Annual award; and a 2010 ADDY. Whether directing a film or shooting a print ad, Jeffrey's unique style, known as "beautiful realism," has evolved naturally over nearly two decades behind the lens. It finds its roots in authentic experiences but goes beyond the real in different and often subtle ways. Jeffrey believes that every shot contains "real moments" that serve his clients' desire to present products and ideas in the most compelling way.
