Professional Experience and Curriculum Vitae

Greetings,

My name is Jerry Tang. I am an outdoor photographer and I live in a Chicago suburb. I was raised in a small town in Michigan's Upper Peninsula. In 1992, I retired early from Ameritech, now AT&T, where I was general manager in charge of computer operations, to make outdoor photography my new life's work. I have taken numerous nature, wildlife and travel images of the U.S. as well as China, Costa Rica, Kenya, South Africa and Canada. My work has appeared in many books, magazines, catalogs, ads, exhibits, product labels and calendars. I am a charter member of the North American Nature Photography Association.
