Professional Experience and Curriculum Vitae

I'm Kayt, a designer, art director and principal of 10 speed. I create fun and engaging design for the publishing and children's markets. My clients are primarily creative directors and marketing managers within publishing, toy and entertainment companies.

I earned a design degree from the reknowned Parsons School of Design and have since lived and worked in New York City, the San Francisco Bay Area and Portland, Oregon.

I enjoy cultivating ongoing partnerships with my clients, brainstorming new ideas, and providing creative solutions that are inspired and unique. I find inspiration in vintage ephemera and signage, street photography and exquisite wine and cheese pairings. I sketch effluously and often create custom hand-made design elements for my projects. I sweat the details.
