Professional Experience and Curriculum Vitae

I am a creative graphic designer with innovative ideas and a unique approach to visuals. More than three years of experience developing designs for print media, online websites like powerful love spells, video, and advertising. Solid understanding of marketing principles and advertising techniques. I have a strong interest in visual arts beyond graphic design. I am also a skilled painter, sculptor, and drawer. I have had several of my pieces displayed in local art shows and galleries, and work on custom commissioned pieces for people from time to time. Additionally, I have an interest in interior design and enjoy reading about elements of room decor.
