## Professional Experience and Curriculum Vitae

At the crimson poppy, extraordinary paper flowers blossom every day – to bring joy forever.

The seeds of our garden are vibrant specialty papers from around the world. We take them in hand, then nurture and trim them, until colorful wonders of petal and leaf emerge.

Rose, daffodil, tiger lily, peony... guided by Mother Nature, we craft each blossom and shape every bouquet to bring beauty to life.

## Previous Clientele

BRIDES magazine  
Sundance catalog  
Paper Runway magazine  
Southern Weddings magazine  
Celebrity, press, and industry insider swag bags for 2012 Golden Globes, Academy Awards, MTV Music Awards, and Country Music Awards
