Professional Experience and Curriculum Vitae
We create exceptional content across print and digital media, for global advertising agencies, leading commercial photographers/directors and brands.

The Operators are committed to producing innovative work that is creatively led – immortalising ideas into campaigns. Our services extend to delivering full media solutions, including, CGI, IMAGEmotion™, Post Production and Motion, plus an expertise that covers, creative direction, technical proficiency and production management.

Handling briefs with a considered approach, we are able to develop ideas, direct the visualisations, offer effective solutions that achieve successful final realisations, delivered on time and within budget.

A background in photographic realism has enabled us to develop our research of cross-platform, post-production technology and offer inventive results – translating our facilitated assets from CGI and vector artwork with seamless compositing and colour grading for multiple advertising platforms.
