Professional Experience and Curriculum Vitae

Todd Beltz is a photographer based in Singapore specializing in interiors and food. In his personal work he loves to shoot travel and lifestyle. Photography has been and always will be, a way to convey an environment, feeling or mood. It’s like a treasure hunt. A constant search for that one photograph that takes your breath away and leaves lasting memories. Photographs are each frozen moments, telling a story or emotion. They are full of feeling and full of life. Todd's love of photography comes from his early years in life, having picked up his first camera at the age of 12. He hasn't looked back since as he realized his calling in life was behind the lens. Inspired by energy, emotion, light and a personal attention to quality and details allows Todd the passion to create images worth bringing to life. Born in New York, he has lived in Bahrain, Japan, Hawaii and Singapore and is available for assignments worldwide.
