### **Professional Experience and Curriculum Vitae**

I am a person who hates being told what to do. I worked corporate after college and hated it. There is a saying among entrepreneurs "I work 80 hours a week so I don't have to work 40 hours a week!" I have got sufficient experience of following salient subjects of remove black magic. My father always had his own businesses and I always and still want to be just like my father growing up. I embrace the pressure of everything is riding on me. Where it's my responsibility whether this business succeeds or fails.
