Professional Experience and Curriculum Vitae

I've been doing commercial photographic illustration just about all my life. After graduation from Rochester Institute of Technology with a major in Photographic Illustration, I worked in New York City for 9 years before moving to the mid west, where I operate my own 4,000 square foot studio, shooting People and Lifestyle, Food and Beverage, and Still Life as my primary disciplines. I'm equally at ease in the studio and on location, and constantly strive to exceed my client's expectations. Feel free to contact me to see new work, or discuss your particular needs, or if I can be of assistance in any way.
