Why it is necessary to clean Ice machine on a regular basis?

IMPORTANT POINT!

Summers are on the way to come, and its the time to repair the damaged Ice Machine. Here are some points which will tell you Why it is necessary to clean Ice machine on a regular basis?

1] Safety :

Ice is now considered in a category of food. So it should get handled or cared just like other food items.

2] Improve Efficiency:

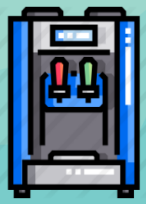

Cleaning the machine removes the dust particles and lime, scale and mineral deposits. Not cleaning the machine for a long time can damage the inner side of the machine which can damage to the unit.

3] Know that it's the only time to clean machine:

- Has your machine started working slowly?
- Has it stopped cycling into harvest mode?
- Look at the quality of Ice.

4] General Maintenance Tips

- Try to clean machine after every 5 months.
- Clean the machine with sanitizers and cleaner.
- Follow the instructions and warnings listed on the solution bottles.
- Wear rubber gloves and safety glasses.
