Professional Experience and Curriculum Vitae

Total Design from napkin sketch to 3D. Emphasis in toys, concept art & development, design illustration and inventing for major markets. Often called upon by inventors to help develop their concepts to presentation, in effect, the inventor's inventor. Major license development participation. e.g. Men in Black, Star Wars. Equally fluent in sketches, traditional rendering, and in the usual suspect programs on Mac or PC, and 3D via Cinema 4D.
