Professional Experience and Curriculum Vitae

I'm Cristian Vargas aka TYPOZON, a Graphic Designer, Illustrator and Graffiti artist who work in Bogotá, Colombia developing Graphic design, Illustration & Art direction projects for clients and agencies in Colombia, UK and other several countries.

I love to work in print design, identity & branding, illustration, editorial and art projects.

I spend my time between handmade arts (silkscreen printing, graffiti, painting, drawing...) and the computer, I think all projects need inputs and inspiration from handmade and digital.

All my works are composed with typography and graphics, straight and organic forms and a BIG concept behind.

The work of TYPOZON has been published in magazines, books and web sites specialized in art and design in different countries of Latin America, United States, Spain, Germany, UK, China and Japan (Big Book of Brochures(UK), Web Design Index 7(UK), IdN Magazine(HK), New Web Pick, Milk Magazine, Encore Magazine (DE), Look de Book 2(ES), PSD Mag (USA). In the same way Cristian Vargas (Aka TYPOZON) has taken part in exhibitions in museums, galleries, design studios in Colombia, Argentina, Spain and China.
