## Professional Experience and Curriculum Vitae

I'm a South Korean who lives in South Africa for almost 9 years.

People describe me as an animation character because I love to chat with my expressive body gestures. Normally my illustration & design style is fun and interesting but also sometimes 'deep' in order to express my opinion and perception.

Music beats, book store, vintage, Steampunk, social issues and sometimes strawberry juice inspire me.

You are mostly welcome to contact me:

## Previous Clientele

I have worked with McMillan Publisher, BK Publishing, Sprint Design and Brent Black Studio, which all situate in South Africa, as a freelance illustrator.

## Awards and Accolades

Objective: To expand my design & illustration skill by experiencing various jobs offered where I can discipline design & illustration variety and respect clients.

Education: BA Information Design in the University of Pretoria (2012).

Software: Adobe Photoshop, Illustrator, InDesign, Animation Pro Toon Boom.

Hobbies & interests: Vintage, Taekwondo, Steampunk, inspirational books.

My wishing careers: Freelance - illustrator, designer, comics, package, animation, character development, storyboard, editorial design.

## Awards and Accolades

I have received two Top Design Student for Imaging and Visualisation in my first (2009) and second year (2010) in the University of Pretoria.

Recently my 4th year group, which we made a 2D animation for advertising NGO charity 'Magical Moment' in SA, made a final entry for M-NET TAG (Television Awards for Good) Award in 2012.
