Professional Experience and Curriculum Vitae

I graduated from the university of applied sciences in Graz (FH-Joanneum) in the year 2003 and shortly after started to work at the university as teacher for screendesign and gamedesign until the end of 2004.

I've been working in various team constellations where my part was primarily defining design frameworks as well as flash animation. I worked with companies like Draft FCBi, Datenkraft, Instant, Elephant 7, checkpoint media AG,...

Currently i'm working as freelance designer and art director. The main focus of my work is on screendesign, as well as interactive design...
