## **Professional Experience and Curriculum Vitae**

I'm a passionate Retoucher | Digital Artist | Graphic designer. I LOVE what i do!! like to express my inner creative world through my art

I am working on fashion projects RETOUCHING / EDITING the photos for professional PHOTOGRAPHERS, MAKE UP ARTISTS, FASHION DESIGNERS and MODELS.

The kinds of people I enjoy the most are ones who are open-minded, funny and creative. That's important to me because this keeps a positive outlook and provides an aura of energy that allows one to develop further.
