Professional Experience and Curriculum Vitae

Hi there. My names is Vanessa Teodoro and I'm an illustrator. I'm other stuff too, but that's what you need to know for now. I'm originally from South Africa and living in Lisbon, Portugal. I'm a sucker for loads of detail with strong contrasts (bright colors or just black and white). My aim is to create art that can be applied to (and painted on) any surface, from clothing to cars, giant sunglasses, walls, surf boards, furniture, you name it.
