Professional Experience and Curriculum Vitae
Vecchi Stoka Group is the #1 Miami Beach Realtors at Brown Harris Stevens headed by Dario Stoka and Giorgio Vecchi with over 25 years combined experience in Miami real estate.

There are many luxury buildings in Miami and Miami Beach that are stunning, but which is the right one for you? It takes someone that has been in buildings from Miami to South Beach to Miami Beach to Sunny Isles to be able to adequately advise a client on the best fit. Be it an investment property, vacation home, or primary residence, Vecchi+Stoka Group will be there every step of the way. The only way to be a real, credible resource is to have been in over 200 buildings, as Vecchi+Stoka Group has been. There is no replacement for experience, knowledge, and, simply put, putting deals together for hundreds of happy clients. Search the site for buildings in South Beach, Miami Beach, or North Beach/Sunny Isles. Although the pictures can make one feel very comfortable with a condominium, there is really no replacement for setting foot into the building and condos. So, go ahead and search and, please, click on the contact page if you have any questions and Vecchi+Stoka Group will respond immediately. No pressure, no sales tactics, no gimmicks, just top notch service.
