Professional Experience and Curriculum Vitae

I am Veda Nagpurkar, a visual communications artist originally from Mumbai, India. Having earned a postgraduate degree in Graphic Design with overall experience of 3+ years as a professional designer, I want to further explore new avenues that reinforce the design thinking coupled with modern visual sense while keeping up with the new media.

My journey so far from the local trains of a buzzing city of Mumbai to the soothing green lush town of Savannah and now the bridge and tunnel ride straight to the big apple everyday has been amazingly fascinating and eventful. This journey has not only made an impact on my personality but has also broadened my perspective towards everything around and beyond.

Previous Clientele

Always, Cascade, Pantene, Rejoice, Pampers, Nickelodeon, LPK, Wayne state University, The Happy Maladies, Kala designer wear, Patriot Roofing Company
