Professional Experience and Curriculum Vitae

A seasoned creative manager, Vincent translates business goals into authentic communication that moves people into action. He leads his virtual team to produce award winning strategic branding for an international clientele. He and his team have helped 100's of companies enter the market with a strong brand presence over the past 12 years, including both B2B and B2C engagements with clients such as Cisco, GE, Hewlett-Packard, Verizon, Disney and Nestlé.

He is a certified sketch-monster and preforms amazing acts of creativity on less than 3 hrs sleep. Without coffee. Vince is a sucker for a late night Terry Gilliam classic and a cold bottle of Hefeweizen, with an orange slice. Other creative outlets include writing and playing original music with friends, billiards, and of course a friendly game of no limit hold-em. On Saturday mornings, he and his wife can be found playing fetch with Nigel and Baxter, their miniature dachshund canine kids.

Previous Clientele

Cisco, GE, Hewlett-Packard, Verizon, Disney, Nestlé
