## Professional Experience and Curriculum Vitae

Vincent Sandoval is a pop art, editorial, lifestyle photographer whose images are instantly recognizable due to his quirky colorful style. His personal work has been exhibited in local Los Angeles galleries, art walks and has recently won "RAW Artist" photographer of the year, 2011.

Since a young age, Vincent has staged photographs with random objects to create quirky pop art. At the moment he is focused on creating a 'Vincent Sandoval' brand that includes prints and greeting cards, which can be seen here: <http://tinyurl.com/86rk2ju>

Beyond his personal projects, Vincent enjoys capturing candid moments of celebrities, families and animals.
